

Material Safety Data Sheet

Section 1-Chemical Product and Company Identification

Trade Name of Product: Ammonium lignosulfonate

Synonym: Ammonium lignosulfonate

Chemical name: Lignosulfonate acid Ammonium salt

Chemical Formula: not available

Contact Information

Lignin Industrial Zone Gaotang , Liaocheng, Shandong, China

Tel: 0086-531-88818639

Mobile: 0086-155-8888-9390

Email: info@greenagrochem.com

Http://www.greenagrochem.com

Section 2-Composition Information on Ingredients

Composition

Dry matter 95%min

Lignosulfonates 50-60%

Section 3-Hazards Identification

Potential Acute Health Effects: no specific information available in our databank regarding the acute effect of this material for humans.

Route of Entry: Eyes, Inhalation, Skin and Ingestion

Section 4-First Aid Measures

Inhalation: Remove person to fresh air and support breathing as needed, Seek medical attention if irritation persists.

Ingestion : Seek medical attention or call a poison control center immediately.

Skin: No poisonous to skin. Remove contaminated clothing and wash before reusing. Flush skin with water, and then wash with soap and water. Seek medical attention if skin becomes irritated.

Eye: In such case flush eye immediately for at least 10 minutes .Get medical attention.

Section 5-Fire and Explosion Hazard Data

Flammability of the product: may be combustible at high temperature.

Flash point: Non-available

Flammable limits: Non-available

Product of combustion: Non-available

Special remarks on fire hazards: Non-available

Special remarks on explosion hazards: Non-available

Section 6- Accidental Release Measures

Small Spills: Clean up personnel should protect against mist inhalation and skin contact. Avoid generating mists, Spills when handling should be cleaned up immediately to prevent spreading.

Large Spills: use a shovel to put the material into a convenient waste disposal container. Finish cleaning by spreading water on the contaminated surface and allow to evaluate through the sanitary system.

Section 7- Precautions for Safe Handling and Use

Precautions to be taken in handling and storing: Store in cool, dry areas away from children, feed

and food products and sources of heat, Immediately clean up spills that occur during handling or storage.

Protect from freezing keep containers closed when not in use.

Section 8-Control Measures/Personal Protection

Respiratory Protection: Seek professional advice prior to respirator selection and use.

Section 9-Physical/ Chemical Characteristics

Physical state and appearance :Powder solid

Order:slight

Molecular weight:Not available

Color:yellow brown

Boiling point:Not available

Melting point:Not available

Critical temperature:Not available

Specific gravity:Not available

Vapor pressure:Not available

Vapor density:Not available

Solubility:easy soluble in cold water and hot water.

Section 10-Reactivity Data

Stability:Product stable at room temperature in closed containers under normal storage and handling conditions

Chemical Incompatibilities:Strong bases and Acids

Condition to avoid:Avoid excessive heat.

Section 11-Toxicological Information

Eye Effects:Irritation

Skin Effects:May cause irritation

Acute Inhalation Effects:Not Determined

Chronic Effects:No unusual chronic effects

Carcinogenicity:Not listed as carcinogenic

Section 12-Ecological Information

Soil Absorption/Mobility:Mobile in soil profile

Section 13-Disposal Considerations

Disposal:Dispose of in an approved landfill or apply at recommended label rates.

Disposal Regulatory Requirement:Follow applicable Federal,State and local regulations

Section 14-Transport Information

Not regulated by the DOT

Section 15-Regulatory Information

Sudden Release of Pressure:No Immediate:YES

Fire:No Delayed:No

Reactive:No

Section 16-Other

Disclaimer:All information appearing herein is based upon data obtained from manufacturers and/or recognized technical

sources. While the information is believed to be accurate, we make no representations as to its accuracy or sufficiency.
